# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

## **AIMS OF NCC**

### **To Provide**

Character, Comradeship, Discipline, Leadership, Secular outlook, Spirit of Adventure and the ideals of selfless service amongst the youth of the country

### **To Create**

A human recourse of organized, trained and motivated youth, to provide leadership in all walks of life and always available for the service of the nation

### **To Provide**

A suitable environment to motivate the youth to take up a carrier in the armed forces

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## OBJECTIVES OF NCC

1. Reach out to the maximum youth through various institutions.
2. Make NCC as an important part of the society.
3. Teach positive thinking and attitude to the youth.
4. Become a main source of National Integration by making NCC as one of the greatest and strong united forces of our nation irrespective of any caste, creed, religion or region.
5. Mould the youth of the entire country into a united, secular and disciplined citizens of the nation.
6. Provide an ideal platform for the youth to showcase their ability in nation building.
7. Instill the spirit of secularism and united India by organizing National Integration Camps all over the country.
8. Reach out to the youth of friendly foreign countries through Youth Exchange Programmes.

## INCENTIVES TO THE CADETS BY THE CENTRAL GOVERNMENT

- A. **For 'C' Certificate Holders.** Specific vacancies in the Army, Air Force and Navy are allotted for NCC 'C' certificate holders. For officers there is **no UPSC written exams**. After application, the cadet is called directly for **SSB interview**, which he/she has to clear before final selection as per the merit list. The following vacancies are reserved by each service as officers :-
- a. **Army.** 64 seats per year at IMA & 100 seats per year at OTA.
  - b. **Navy.** 06 seats per course through Naval SSB.
  - c. **Air Force.** 10% vacancies in all courses through Air Force SSB.
- B. **5-10% bonus** marks for recruitment in ranks in Army, Navy and Air force.
- C. **Bonus marks** for employment in **CAPF/ Para Military Forces** and **Department of Telecommunication**.
- D. Can apply for gazetted post in CRPF if the cadet is a graduate.
- E. Preference in State Services and also in private sectors.
- F. Employment within NCC as Whole Time Lady Officer, Girl Cadet Instructor, Aero and Ship Modeling Instructor.

# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

- G. In Air Force Academy 5% seats are reserved for Girls candidates holding NCC 'C' certificate.
- H. In OTA Chennai, seats are reserved for Girls candidates holding NCC 'C' certificate (Seats are notified every year).

## **INCENTIVES BY STATE GOVERNMENT**

1. Police Service
2. Transport Department
3. Forest Department
4. Excise Department

## **INCENTIVES BY CADETS WELFARE SOCIETY AND GP HQ**

1. CWS awards scholarship of Rs. 6000/- per cadet for 100 NCC cadets every year to academically brilliant students.
2. Grant of Best Cadet Award of Rs. 3500/- and 2<sup>nd</sup> Best Cadet award of Rs. 2500/- at each Group level.

## **ADVANTAGES OF BEING A CADET**

1. Being part of **13 lakhs** strong and the **largest youth organization** in the world.
2. Being moulded into a disciplined and motivated youth.
3. Chance to take part in disaster relief tasks.
4. Opportunity to attend NCC camps like ATC, CATC, NIC, COC etc.
5. Wear the uniform and lead a life style akin to military.
6. Opportunity to visit foreign countries as part of YEP.
7. Opportunity to take part in social awareness programs.
8. Preference for joining armed forces and other forces.
9. Preference in higher studies.

## **SOCIAL ACTIVITIES**

13 Feb 2020

### **REPORT ON TALK ON THE SUBJECT “NATION BUILDING AND YOUTH POWER”**

#### **1. FOREWORD:**

This report intends to brief about the talk delivered by Dharmabandu ji at Alva's Institute of Engineering & Technology campus arranged by FLIGHT-B, 6 KAR AIR SQN NCC (Alva's Air Wing) on 13/02/2020 on the subject “*Youth Power and Nation Building*” for which total of 47 Air wing cadets along with army and navy cadets were present.

#### **2. INTENT OF THE TALK:**

The talk inclined towards empowering the youth of the nation by educating them about their duties towards their nation along with the role they can play towards nation building. Talk intended to give the cadets complete idea about their role as youth of this country to lead the nation on the lines of a positive change. Talk also intended to give a clear picture of current world scenario, and educate the cadets on where India stands at the world level in economy, security and more such integral parameters that highlight the developments of a nation.

#### **3. INTAKES:**

The talk created the required seriousness in the student lot gathered in the auditorium, the talk gave insights to the gathering about the challenges our country is facing which are making the journey from a developing nation to a developed nation hard. Swamiji drew great examples into the session of countries like Japan with with mere natural resources and no geographical advantage or that in terms of population or human resource when compared to India. But Japan is a developed nation, whereas India is still developing. Swamiji stressed on the fact that India is not inferior to any country on the globe, we have everything, we export more than importing. But still India is a developing country because we are not yet serious about the country's development. We must respect our

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

constitution and work with dedication towards the welfare of our nation, and in no time India will be a Power house.

## **4. IMPACT OF TALK ON NCC CADETS:**

National Cadet Corps has been working for ages towards grooming young cadets to make them responsible leaders of tomorrow's India continually at a very high success rate. The talk being on the subject "youth power and nation building", the subject was very much relevant to the cadets. The cadets gained knowledge on where India stands in terms of many important aspects.

## **5. EPILOGUE:**

The talk was very informative for the cadets and they were able to better understand about their nation at the world level. 6 KAR AIR SQN NCC, FLIGHT – B looks forward for more such opportunities in the future.

## **REPORT ON PARISARA SAMMELANA HELD** **AT TANNIRBAVI BEACH**

**01 Mar 2020**

**Mangalore**

### **HIGHLIGHTS OF THE PROGRAM:**

The Parisara Sammelana organized under the National Environmental Care Federation (NECF) has urged government to take the initiative to save environment the program held at Tannirbavi beach and the event started at 0800 hr to 1800 hrs on 01 Mar 2020.

**Dr II Ravindranath Shanubogue**, Padmashree

**Sukribomma Gowda, Tulasi Gowda,**

**Kuttaru Timmakka**

CHIEF GUESTS OF THE PROGRAM

The Sammelana was held in the form of people's court which was presided by human right activists. The people's court took up 36 cases pertaining to the environment. Environmentalists came from Malnad and coastal region who are fighting for environmental issues. They presented cases on the occasions, over 30 lakh trees felled for various projects in the Western Ghats was one of it.

Padmashree awardee Tulasi Gowda said that there is a need to plant fruit bearing trees that were indigenous to Western Ghats, Padmashree awardee Sukribomma Gowda also spoke. NECF state secretary Shashidar Shetty said the fight would continue till demands for the protection of environment and wild life is fulfilled.

## **INTERNATIONAL YOGA DAY**

**Date: 21 June 2020**

**TIMINGS: 0700 – 0800 hrs.**

### **FOREWORD**

This report intends to brief about the involvement and support served by 6 KAR AIR SQN NCC, FLIGHT-B for the International level ONGC initiative “INTERNATIONAL YOGA DAY”, a journey towards healthy lives. 6 KAR AIR SQN NCC, FLIGHT-B headed by ANO Fg Offr Parveez Shariff B G under the guidance of commanding officer Gp Cpt. A G Srinivasan.

### **ABOUT ONGC AND THE MOTTO:**

The idea of International Yoga Day was first proposed by the current Prime Minister of India, Shri. Narendra Modi, during his speech at the United Nations General Assembly (UNGA), on 27 September 2014.

### **OUR COMMITMENT AND ACTION**

Yoga is a group of physical, mental and spiritual practices or disciplines which originated in ancient India. Yoga is one of the six orthodox schools of Hindu Philosophical Traditions. There is a board variety of yoga schools, practices, and goals in Hinduism, Buddhism and Jainism. The term "Yoga" in the western world often denotes a modern form of hatha and yoga as exercise consisting largely of postures or asanas.

As per the guidelines of DG NCC and Ministry of Ayush, the cadets of 06 Kar Air Sqn NCC, Flt-B have actively participated in performing 6th International Yoga Day Celebration and embraces yoga in our daily lives.

Total of 46 cadets of Flt-B were perform yoga from 17 - 21 Jun 2020. During these five days of performing yoga everyone experienced the real motto behind yoga day.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

The cadets actively took part in IDY from their respective home. The added advantage of performing yoga in home were even parents of cadets took part.

It is very important for Nation to act lively in performing yoga and keeping themselves physically and mentally fit. On 21 Jun 2020, 46 cadets uploaded their yoga photos in Facebook and Tweeter with #CYP2020\_NCC.

## **TREE PLANTATION**

**Date: 12 July 2020**

**TIMINGS: 0700 – 0800 hrs.**

### **FOREWORD**

This report intends to brief about the involvement and support served by 6 KAR AIR SQN NCC, FLIGHT-B on tree plantation, a journey towards healthy lives. 6 KAR AIR SQN NCC, FLIGHT-B is headed by Fg Offr Parveez Shariff B G under the guidance of Commanding Officer Gp Cpt A G Srinivasan.

### **OUR COMMITMENT AND ACTION**

Tree planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purpose. It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds. Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe. Plantations of trees is important as they improve the life and fulfil essential needs of mankind.

As per the guidelines of Director General NCC, Kar & Goa Dte., cadets of 6 KAR AIR SQN NCC, Flight – B (33 Cadets) have actively participated in tree plantation on 12 Jul 2020 between 0700 to 0800 hrs during COVID-19 pandemic at surroundings of cadets houses.

It is very important for a nation to act lively in planting trees and being responsible for the nature by trying to balance the ecosystem.

## KARGIL VIJAY DIWAS

Date: 26 June 2020

TIMINGS: 0900 – 1020 hrs.

### FOREWORD

This report intends to brief about the Kargil Vijay Diwas Celebrated by 6 KAR AIR SQN NCC. The activity had been initiated and performed by 6KAR AIR SQN NCC Flight B and actively attended by Flight A and Flight C. 6 KAR AIR SQN NCC, FLIGHT-B is headed by Fg Offr Parveez Shariff B G, along with Fg Offr Alwyn Stephen Misquith & CTO Dr. Hitaikshi, under the guidance of commanding officer Gp Cpt A G Srinivasan.

### OUR COMMITMENT AND ACTION

Kargil Vijay Diwas is celebrated on 26 July every year to honour heroes of Kargil War's. This day is celebrated in the Kargil Sector and the national capital New Delhi, where the Prime Minister of India pays homage to the soldiers at Amar Jawan Jyoti at India Gate every year.

Saluting to all our soldiers who have fought with brave heart and sacrificed their life to protect the motherland INDIA and for the people of INDIA. Remembering their fights and toil on this day is a proud moment for NCC cadet. The performance arose the concealed delight towards the nation when Inspiring achievements of the War Heroes were presented.

The 06 Kar Air Sqn NCC celebrated **Kargil Vijay Diwas** during COVID-19 Pandemic through webinar witnessed by 100 Cadets from Flt – A, Flt – B, Flt – C along with 02+01 ANO & CTO. The session begun with National Pledge, story narration of 10 war heroes and concluded by sharing thoughts about the purpose of war and struggles.

## CONCLUSION

The great saga of courage, valour and sacrifice of brave soldiers of the Indian Army must be cherished. This webinar celebration had inculcated patriotism among every cadet. Total of 103 participants for the webinar out of which 09 cadets had presented about Kargil war/Heroes. In spite of the COVID pandemic, cadets showed active participation which reveals the deep affection towards the Nation and the commitment to serve the country by all means. The 06 KAR AIR SQN NCC, looks forward for more opportunities to serve for the cause and join hands in taking India to be a persistent country.

## **AATMA NIRBHAR BHARATH ABHIYAN**

**Date: 01 August 2020 – 15 August 2020**

### **FOREWORD**

This report intends to brief about the involvement and support served by 06 KAR AIR SQN NCC, Flight – B for the Aatma Nirbhar Bharath Abhiyan, a journey towards Self - Reliant India. 06 KAR AIR SQN NCC, Flight – B is headed by Flight Commander Fg Offr Parveez Shariff B G under the guidance of Commanding Officer Gp Capt A G Srinivasan.

### **ABOUT ONGC AND THE MOTTO**

Aatma Nirbhar Bharath is the vision of the Prime Minister of India Shri. Narendra Modi of making India a self – reliant nation. The first mention of this came in the form of the ‘Aatma Nirbhar Bharath Abhiyan’ or ‘Self - Reliant India Mission’ during the announcement of the coronavirus pandemic related to economic package on 12 May 2020.

### **OUR COMMITMENT AND ACTION**

Aatma Nirbhar Bharath Self – Reliant policy does not aim to be protectionist in nature and as the finance minister clarified “self – reliant India does not mean cutting off from rest of the world”. The law and IT minister, Ravi Shankar Prasad, said that “self – reliance does not mean isolating away from the world. Foreign direct investment is welcome, technology is welcome. Self – Reliant India translates to being a bigger and more important part of the global economy”.

As per the guidelines of Director General NCC, the cadets of 6 KAR AIR SQN NCC, Flight – B have actively participated in Aatma Nirbhar Bharath Abhiyan and began to promote and use Indian Products.

Each and every cadet of Flight – B were ordered by the flight commander to actively take part in the online campaign and maximise the usage of Indian products. Cadets split up activities based on daily basis. The activities were scheduled on daily basis which is given below:

6 Kar AIR SQN NCC, Mangalore

		hashtags.
15-08-2020	Aatma Nirbhar Krishi	Cadets prepared posters regarding Government's Initiative in Aatma Nirbhar Krishi as a part of Aatma Nirbhar Bharath in social media.

NOTE 1: The Hashtags used to unite likely posts in social media platforms are:

- #VocalForLocal
- #VocalParLocal
- #06KarAirSqn\_NCC
- #Aatmanirbharbharathabhiyaan

NOTE 2: Twitter profile links of cadets are collected to monitor cadet's active participation.

## CONCLUSION

It is very important for a nation to act lively in using Indian Products and contribute to Indian economy which makes India – A Self – Reliant Nation and fulfill the vision of Aatma Nirbhar Bharath.

Total 43 cadet (26 SDs and 17 SWs) actively participated in the Aatma Nirbhar Bharath Awareness Campaign and they made themselves comfortable in using Indian Products. Feedback from cadets are also collected to know the impact created on them and also improve ourselves in the coming activities and the do the excellent. 6 KAR AIR SQN NCC, looks forward for more opportunities to serve the cause and join hands in taking India to a country which is Self – Reliant.

## **FIT INDIA MOVEMENT**

**Date: 22 August 2020 – 14 September 2020**

### **FOREWORD**

This report intends to brief about the involvement by 06 KAR AIR SQN NCC, Flight – B for the Fit India. 06 KAR AIR SQN NCC, Flight – B is headed by Flight Commander Fg Offr Parveez Shariff B G under the guidance of Commanding Officer Gp Capt A G Srinivasan.

### **THE MOTTO**

Fit India Movement is a nation-wide movement in India to encourage people to remain healthy and fit by including physical activities and sports in their daily lives. It was launched by Prime Minister of India shri. Narendra Modi at Indira Gandhi Stadium in New Delhi on 29 August 2019 on the accounts of National Sports Day.

### **FITNESS PLEDGE**

I promise to myself that I will devote time for physical activity and sports every day and I will encourage my family members and neighbors to be physically fit and make India a fit nation.

### **OUR COMMITMENT AND ACTION**

Shri. Narendra Modi said “Sports is directly related to fitness. But the Fit India Movement that has started today has expanded beyond sports. Fitness is not a word but a necessary condition of healthy and prosperous life”.

As per the guidelines of Director General NCC, the cadets of 6 KAR AIR SQN NCC, Flight – B have actively participated in Fit India Campaign and began to promote Family members, friends, as well as neighbours.

Each and every cadet of Flight – B were ordered by the flight commander to actively take part in the Fitness Campaign and to make aware about the pros of healthy and Fit lifestyle. The cadets

The 06 KAR AIR SQN NCC, Flight - B is headed by Flight Commander Fg Offr Parveez Shariff B G under the guidance of Commanding officer Gp Capt A G Srinivasan.

### **OUR COMMITMENT AND ACTION**

The cadets of 06 KAR AIR SQN NCC, Flight – B actively took part in the national webinar organized by Ministry of Education on Creating Awareness about National Education Policy, 2020 on 16 Sept 2020 through NSS, NCC, NYKS and Unnat Bharat Abhiyan (UBA) Volunteers under Shikshak Party Initiative. Raksha Mantri Shri Rajnath Singh was the chief guest of the webinar. Union Education Minister Shri Ramesh Pokhriyal 'Nishank', Minister of State for Youth Affairs & Sports (Independent Charge) Shri Kiren Rijiju, Minister of State for Education, Shri Sanjay Dhotre were present on the occasion. Secretary, Defence Ministry, Shri Ajay Kumar, Secretary, Higher Education Shri Amit Khare, Secretary, School Education & Literacy, Smt Anita Karwal, Secretary, Youth Affairs and Sports, Smt Usha Sharma, Chairman, University Grants Commission, Prof. D.P Singh, Vice Chancellor of various Universities also participated in the event. Volunteers of National Cadet Corps (NCC), National Service Scheme (NSS), Nehru Yuva Kendra Sangathan and Unnat Bharat Abhiyan from all over the country also joined through virtual medium.

Addressing the participants Raksha Mantri said that New Education Policy is the first policy in Indian history, in which a multi-pronged and multi-stakeholder consultative process was undertaken which included online, grassroots and national level deliberations. At the grassroots level, consultations spanned across Gram Panchayats, Blocks, Urban Local Bodies, Districts and States/Union Territories. He added that NEP is prepared keeping in mind more than 2 lakh

## Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

suggestions given by teachers, academicians, parents and other stakeholders relating to education. This policy suggests many revolutionary changes in school and higher education leading to the holistic development of students. The National Education Policy will fulfill the vision of Prime Minister, Shri Narendra Modi, to create a 'self-reliant India', he said.

Raksha Mantri informed that this policy also has a provision to encourage state governments to start NCC wing in their middle and high schools. He further informed that in higher education, the Multiple Entry and Exit scheme will benefit those youth, who have to leave the education midway. This step will prove to be of great benefit to the soldiers of our armed forces who are interested in studying, besides serving the country. He further informed that to increase the resource pool, local eminent persons or experts in the school will be encouraged to be kept as 'special trainers'. In this, retired teachers and officers of the army will be able to contribute to the nation building by providing services in nearby schools.

# Alva's Air Wing NCC (Flight – B)

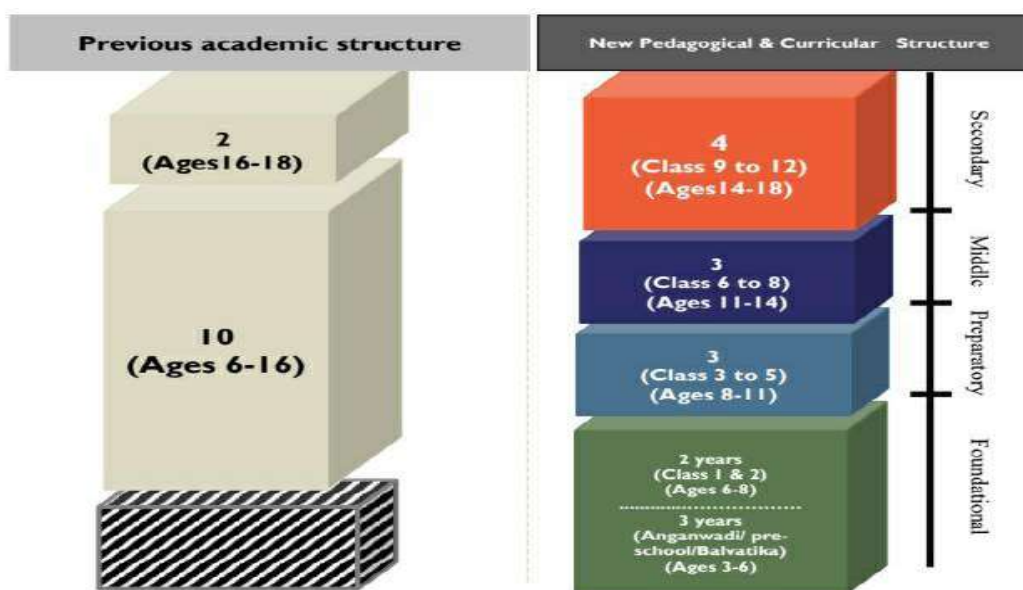

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

Raksha Mantri quoted a famous saying that if you want to improve generations, then you should invest in education. He further said India is one of the youngest countries in the world and youth are our strength in achieving bigger milestones in nation development. He hoped that this event will prove to be an important link in bringing awareness among the youths of the country to contemporary issues. He said that with the support of youths, the entire education system will be more efficient.

The National Education Policy 2020 is the culmination of positive thinking and sustained efforts for making India a 'knowledge power', Shri Pokhriyal said. NEP is not merely a policy document, but a reflection of the aspirations of the people of India. This policy is comprehensive and far-sighted and will play a great role in facilitating the progress of the nation in future, he added.

This policy envisages that the extant 10+2 structure in school education will be modified with a new pedagogical and curricular restructuring of 5+3+3+4 covering ages 3-18 as shown in the representative figure above.

Higher education plays an extremely important role in promoting human as well as societal wellbeing, quality higher education must aim to develop good, thoughtful, well-rounded, and creative individuals. It must enable an individual to study one or more specialized areas of interest at a deep level, and also develop character, ethical and Constitutional values, intellectual curiosity,

# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

scientific temper, creativity, spirit of service, and 21st century capabilities across a range of disciplines including sciences, social sciences, arts, humanities, languages, as well as professional, technical, and vocational subjects. A quality higher education must enable personal accomplishment and enlightenment, constructive public engagement, and productive contribution to the society. It must prepare students for more meaningful and satisfying lives and work roles and enable economic independence.

For the purpose of developing holistic individuals, it is essential that an identified set of skills and values will be incorporated at each stage of learning, from pre-school to higher education

Shri Pokhriyal said that National Education Policy 2020 calls for a positive change in the current education system and redress of challenges of the future. NEP ensures equal access to quality education to all students with special emphasis on socially and economically disadvantaged sections, he added.

Shri Pokhriyal highlighted that the Ministry of Youth Affairs and Sports has a superpower of self-motivated youth of India associated with various youth programs. Youth, as an NEP ambassador can contribute significantly in creating awareness of the National Education Policy 2020 at grassroots level. He expressed his happiness for the webinar organized under the joint aegis of Ministry of Education and Ministry of Youth Affairs and Sports for the successful implementation of education policy. He hoped that volunteers from NYKS, NSS, NCC and coordinators of Unnat Bharat Abhiyan will play crucial role in the successful implementation of this education policy designed in accordance with the aspirations of young India.

Addressing the participants Shri Kiren Rijiju said that National Education Policy-2020 has put the youths at the centre of its recommendations. In a way, this policy has demanded a greater participation of youth in nation building. He highlighted that under National Education Policy-2020 the students will have greater flexibility and choice of subjects. There will be no rigid separations between arts and sciences, between curricular and extra-curricular activities like sports, between vocational and academic streams. This cross-curricular educational approach will lead to the all-round development of children. The Ministry of Youth Affairs and Sports is committed to a concerted effort in this direction by establishing coordination with the Ministry of Education, he added.

Shri Rijiju further said that Youths are the nation builders and will take the country on the pathway of success. It is imperative that the youth of India be made aware of the arts, languages and

# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

knowledge traditions of the country along with the diverse social, cultural, and technological needs of the country. Engaging youths in creating awareness of New Education Policy will create significant impact in transforming education sector. In line with this vision, the Ministry of Education has launched a webinar series at the national level on the new National Education Policy - 2020 under the Shikshak Parv and providing a platform for the country to discuss various aspects of NEP. He said that today's webinar is also a part of this webinar series to inform our volunteers about the various provisions of the education policy.

While giving the vote of thanks Shri Dhotre expressed his gratitude to the Raksha Mantri Shri Rajnath Singh for his generous presence and thoughtful address in the field of education. He also thanked Education Minister Shri Ramesh Pokhriyal 'Nishank', Shri Kiren Rijiju and other dignitaries present on the occasion.

The event also witnessed the launch of a handbook 'Web Resources for NSS, NCC, NYKS and UBA Volunteers for Dissemination of Information on New Education Policy 2020'.

## **CONCLUSION**

It's very important for a country to be called as Developed Nation. It is not only the duty of Government but it is indeed the duty of all the citizens to act lively and contribute as much as possible to the Indian economy which is the main path of the country to achieve its standards.

Around 25 SDs and 14 SWs summing up to 39 number of cadets actively participated in the online webinar and gained knowledge. 06 KAR AIR SQN NCC, looks forward for more opportunities to serve the cause and join hands in taking India to a Developed Nation.

## **SWACHHTA AWARENESS PROGRAMME**

**Date: 11 November 2020**

### **FOREWORD**

This report intends to brief about the involvement and support served by 06 KAR AIR SQN NCC, Flight – B for the Swachh Bharath Abhyaan on 11 November 2020, a journey towards cleaner and pollution free India. The 06 KAR AIR SQN NCC, Flight – B is headed by Flight Commander Fg Offr Parveez Shariff B G under the guidance of Commanding Officer Gp Capt A G Srinivasan.

### **MOTTO OF THE PROGRAM**

Swachh Bharath Abhyaan is an envisage towards a cleaner and greener India. Swachh Bharath Abhyaan came into effect on 2<sup>nd</sup> October 2014 on birth anniversary of Mahatma Gandhi. National Cadets Corps foresees to contribute to this abhyaan to the fullest of its potential. The report includes the contribution of 06 KAR AIR SQN NCC, Flight – B, Alva's Air Wing NCC upon the instructions from DG NCC – letter no. 2327/EBSB/DG NCC/Trg (A).

### **PRECEEDING OF THE PROGRAM**

The program was conducted with a total strength of 26 NCC cadets. The program started off at 0545 hrs with a short briefing about the reason and the seriousness of the program. The cadets served for the program by cleaning the shoulder of the roads in the vicinity of AIET, Mijar campus. The cleaning activity was concluded at 0715hrs.

### **CONCLUSION**

The Swachhta Awareness program and the corresponding activities empowered the cadets positively, injected the seriousness behind the Swachh Bharath abhyaan into the cadets. The motto of the program was successfully achieved as all the cadets were convinced with the motto and the idea behind the Abhyaan while clearing the shoulders of the roads that were spotted with trash. The 06 AIR SQN NCC, Flight – B, Alva's Air Wing NCC foresees for more such opportunities.

## **REPORT ON BLOOD DONATION CAMP CONDUCTED ON THE OCCASION OF NCC DAY 2020**

**Date: 22 Nov 2020**

### **FOREWORD**

This report intends to brief about the involvement and support served by 06 KAR AIR SQN NCC, Flight – B, Alva's College, on blood donation camp conducted on the occasion of NCC at Muchur Grama panchayat. The 06 KAR AIR SQN NCC, Flight - B is headed by Flight Commander Fg Offr Parveez Shariff B G under the guidance of Commanding officer Gp Capt A G Srinivasan.

### **OUR COMMITMENT AND ACTION**

The day started with understanding that a single donation can save three lives and one blood donation provides different blood components that can help up to three different people. Blood is needed every two seconds. Unfortunately, only 37% of the country's population is able to donate blood. An adequate amount of blood is needed in all healthcare facilities to meet the urgent need for patients facing trauma and other lifesaving procedures, such as blood transfusions which saves millions of lives each year. There is no risk for donors irrespective of the age factor. Blood donation process starts with registration followed by medical history, donation and then refreshment. Sterile needle is used for each donor. It takes less than 10-12 minutes. Less than one pint of blood is taken from the body. Our cadets were really enthusiastic to take part in the Blood Donation Camp and inspired many others to take part in it. We found the positive attitude of donors' desire to help a family or a friend in need to blood was the most cited motivation for Blood Donation Camp. Finally, if you're a blood donor, you're a hero to someone, who received your gracious gift of life.

The Blood donation camp was conducted by 06 KAR AIR SQN NCC, FLT-B, Alva's College in association with Lions Club and Munchur Grama panchayath and contacted the KMC Hospital to collect the blood and medical assistance. The Air Wing cadets motivated the cadets of Navy, Army cadets and other college students of Alva's college to join their hands, and also motivated localities to participate in this campaign. Total of 70 cadets & students and 02 Officers from Alva's college

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

participated, the details are provided in table 1.1. The blood donation camp was successful with the collection of 96 units out of which 53 units of blood were from cadets/students/officers and remaining units were contributed by local people. The details of blood donation contribution by cadets and students is shown in table 1.2.

Table 1.1: Strength of cadets/students participated

AIRWING CADETS	NAVY CADETS	ARMY CADETS	STUDENTS	TOTAL
38 + 01 Officer	15 + 01 Officer	2	15	70 + 02

Table 1.2: Details of blood unit contribution from cadets/students

AIRWING CADETS	NAVY CADETS	ARMY CADETS	STUDENTS	TOTAL
25 + 01 Officer	10 + 01 Officer	2	14	51 + 02

**For info: All the students and cadets participated in blood donation camp have undergone complete quarantine at Alva's hostel for 15 days. All the precautionary methods like mask, sanitizing etc were taken in this campaign.**

## CONCLUSION

The blood donation was successful with 96 units of blood collected by KMC hospital. Cadets of Alva's college had donated blood, and helped in smooth conduction of event. Flt – B would like to thank Lions Club, Muchur Gram Panchayath and KMC Hospital for all the support.

At last sincere thanks to CO & Staff of 06 Kar Air Sqn NCC and Principal and Management of AIET for all the support and encouragement.

## REPORT ON DISASTER MANAGEMENT MOCK DRILL

Date: 22 Nov 2020

Venue: Udayavara, Udupi

### FOREWORD

This report describes the activities performed by NDRF in the Disaster Management Mock Drill held at Udupi on 05 Dec 2020 and the knowledge gained by NCC cadets of 06 Kar Air Sqn NCC, Flt-B, Alva's College by witnessing the event. The 06 KAR AIR SQN NCC, Flight - B is headed by Flight Commander Fg Offr Parveez Shariff B G under the guidance of Commanding officer Gp Capt A G Srinivasan.

### MOCK DRILL

The test of disaster response plans of Disaster Management Authorities can virtually be done on occurrence of real disaster. But it is not prudent to wait for real disaster to happen which results into astronomical loss of lives and economy for testing the actual disaster management plans. Pragmatically, theory can be taught in a class room setting but in order to really test and train the theory in praxis, simulations are indispensable ways to give disaster responders a taste of the real disaster. Mock Exercise provides virtually the only means, short of an actual incident, of measuring the state of readiness and of testing the effectiveness of an emergency response Plan.

The Govt. of India has an efficient system for responding to both natural and man-made disasters including CBRN emergencies through different Emergency Support Functions (ESFs). NDRF in the capacity of lead agency in the field of specialized disaster response is also committed to make **India resilient towards disasters**. NDRF have been carrying out Mock Exercises in collaboration with a range of institutions that all have a major role to play in terms of disaster response. The aim of this SOP on "Conduct of Mock Exercises" is to lay down the guidelines for conducting mock exercises by NDRF in the utmost professional manners with objectivity.

# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

## **INTRODUCTION**

India is vulnerable, in varying degrees, to a large number of disasters. More than 58.6% of the landmass is prone to earthquakes of moderate to very high intensity; over 40 million hectares (12%) of its land is prone to floods and river erosion; close to 5,700 kms, out of the 7,516 kms long coastline is prone to cyclones and tsunamis; 68% of its cultivable area is vulnerable to droughts; and, its hilly areas are at risk from landslides and avalanches. Moreover, India is also vulnerable to CBRN emergencies and other man-made disasters.

Disaster risks in India are further compounded by increasing vulnerabilities related to changing demographics and socio-economic conditions, unplanned urbanization, and development within high-risk zones, environmental degradation, climate change, geological hazards, epidemics and pandemics. Clearly, all these contribute to a situation where disasters seriously threaten India's economy, its population and sustainable development.

The Govt. of India has an efficient system for responding to both natural and man-made disasters through different Emergency Support Function Plan (ESFs). NDRF in the capacity of lead agency in the field of specialized disaster response is also committed to make India resilient towards disasters. India can be made a 'safe heaven' to live in by generating awareness and imparting training to the communities on disaster management issues at all levels by conducting regular Mock Drills. Mock Drill provides virtually the only means, short of an actual incident, of measuring the state of readiness and of testing the effectiveness of an emergency response plan.

## **OBJECTIVE**

The broad objectives of the Mock Drill are as given below,

- To review disaster management plans.
- To identify the efficiency of Standard Operating Procedures (SOPs).
- To highlight roles and responsibilities of various stakeholders.
- To generate public awareness.
- To identify gaps in resources, manpower, communications and in any other field.
- To enhance the ability to respond faster in case of emergencies.

# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

## **CONDUCT OF MOCK DRILL**

The District Magistrate of Udupi had conducted a Disaster Management Mock Drill on 05 Dec 2020 at Udupi on 0830 hours to 1030 hrs. In this activity, the NDRF team, Paramedical team, Mangalore Amateur Radio Club (MARC) HAM Communication team the Firefighting team and NCC Cadets had participated. This event was initiated by the NDRF folks. They've been asked to educate various regions in the country on how to handle emergency situations.

After being assembled at the required place and the formalities exchanged, the Mock Drill had started with the rescue operations to be done when a person is stranded and asking for help in the middle of a water body.

## **RESCUE OPERATIONS ON A WATER BODY**

Emergency Management is a complex, collaborative network of agencies, levels of government, non-profit organizations, and volunteers coming together following a disaster. In addition to general plans and practices that can be applied to many emergency responses, some emergencies require more specialized training than the rest. Swift water rescue teams are assets that may be needed bow more than ever.

This Mock Drill started off with demonstrations on how a person can be saved amidst the water body by a rescue team on their boat. A boat can be used to travel some distance to the victim as well as serve as a platform to treat the victim following retrieval from the water. Numerous types of boats can be used by water – rescue teams when a victim is beyond the means of reaching via a rope or other device. Flat – bottomed boats (jon boats) and rigid – hulled boats are suitable, but the most common type of boat that's used by water – rescue professionals is an inflatable rescue boat because of its buoyancy and stable working platform. In case if the person is closer to the shore and there is no necessity of a boat, two types of rescue operations can be done, namely; contact and non – contact rescue.

- **Contact rescue:**

In this type of rescue operation, there is a physical contact between the rescuer and the person being rescued. These kinds of rescues can be done with a minimum of one member among

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

the rescue team. Even under this type, there were different ways one can be rescued from the water body which were demonstrated by NDRF.

- **Non – contact rescue:**

In this type of rescue operation, there is no physical contact between the rescuer and the person being rescued. There are several different techniques that can be used to reach somebody that is trapped amidst the water, including extending a pike pole, throwing an inflatable ring to the person or throwing a rope on to which the person can hold on and can be pulled to the shore.

## **HOMEMADE WATER RESCUE EQUIPMENTS**

Apart from demonstrating their rescue procedures, NDRF also briefed everyone on how one can make their own water rescue equipment at home with little to null investment. Some of the homemade water rescue equipment are given below,

- Making a raft using bamboo sticks. One can add empty tins at each corners of the raft.
- Using thermocol sheets to make a vest.
- Using 8 - 10 empty closed bottles to make a belt.
- Using coconuts to make a belt.

The usage of all this remedy equipment was demonstrated by NDRF team. It was also encouraged that this equipment be made ready at home as soon as possible in order to prevent panic or distress at the last moment.

## **HAM RADIO**

Management of any disaster or emergency event is a complicated and multi – faceted task. One of the most important, and oftentimes overlooked, parts of any highly efficient disaster response is effective information exchange between information sources, emergency managers and those impacted by the disaster or emergency event. The lack of communication can make responding to a disaster in a managerial capacity even more uncomfortable and stressful. The entire disaster management process is further complicated when hindered by ineffective information gathering and distribution.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

Keeping in mind that communication is the main aspect or root of disaster management, NDRF commander was well aware of Ham Radio. He had also mentioned that Ham Radio was also included in their SOP documents. The amateurs of Ham Radio gave a brief demonstration on how to use the Ham station, it's fair advantage of not needing any network to function properly and providing the cadets a live chat session over the walkie talkie. The cadets were encouraged to join Ham and become a part of the amateur community.

## CONCLUSION

Mock Drills have proved to be a useful tool to test the preparedness against any type of disaster. Correct methods of conducting mock drills will go a long way in improving the preparedness in the community against all types of perceived disasters. We cannot prevent hazards from happening, but can surely prevent them from becoming disasters and when they do happen, to minimize their effect in terms of loss of human lives and damage to infrastructure, by taking preventive and mitigation measures. Hence, NDRF might use this vital tool called 'Mock Drill' in training and educating the community and the Local Govt. to prepare them in dealing with the perceived disasters.

A total of 35 Cadets and 01 Flr Cdr of 06 KAR AIR SQN NCC, Flt – B, Alva's College took part in the Mock drill of Disaster Management and looking forward for more such activities to groom ourselves.

We would like to thank Commanding Officer & staff of 06 Kar Air Sqn NCC, our Principal and Management for encouragement and support to take part in the event. Kindly visit – [www.alvasairwingncc.in](http://www.alvasairwingncc.in)

## **REPORT ON SWACHTHA ABHIYAAN**

**Date: 05 Dec 2020**

**Venue of event: Udayavara, Udupi**

### **FOREWORD**

This report intends to brief about the involvement and support served by 06 KAR AIR SQN NCC, Flight – B, Alva's College, on Swachta Abhiyan conducted on the 05 Dec 2020 at Muchur Grama panchayat. The 06 KAR AIR SQN NCC, Flight - B is headed by Flight Commander Fg Offr Parveez Shariff B G under the guidance of Commanding officer Gp Capt A G Srinivasan.

### **INTRODUCTION**

Swachtha abhiyaan or clean India Mission is a country-wide campaign initiated by the government of India in 2014. A movement, brought into existence by the Prime Minister Narendra Modi to clean the country from the reckless disposable of the waste items. Swachtha abhiyaan is activated with the intentions of keeping the country garbage free. Whenever there is usage of non-degradable waste it is disposed in the trash bins. And also, the implementation of reduce and reuse to prevent from further usage of waste.

### **CLEAN INDIA A DREAM**

Mahatma Gandhi had a revolutionary vision about making India clean. He was the only leader of his time who realized India's emancipation was possible through sanitation. "EVERYONE MUST BE HIS OWN SCAVENGER" -M.K.Gandhi

On 02 Oct 2014, The Indian Prime minister, Narendra Modi, launched a nation-wide cleanliness campaign on the occasion of Mahatma Gandhi's birth anniversary fulfilling BAPU'S dreams Swachhata hi seva PM launched a scheme to full fill Gandhi's clean India dream and since then this mission has delivered Rs 20-lakh crore economic benefit marking the 150<sup>th</sup> birth anniversary of Mahatma Gandhi on the banks of the Sabarmati river in Ahmedabad, Prime minister Narendra Modi vowed to create a new India that lives up to Gandhiji's dreams.

# **Alva's Air Wing NCC (Flight – B)**

**Moodbidri - 574227**

**6 Kar AIR SQN NCC, Mangalore**

## **OUR COMMITMENT AND ACTION**

The cadets of 06 Kar Air Sqn NCC, Flt – B, Alva's College, strive to attain the objectives set by Prime Minister to make a clean India by regularly conducting swachta abhiyan at various places. The cadets participated in the Disaster Management event on 05 Dec 2020, looking at the surroundings, decided to conduct swachta abhiyan at the end of Mock drill. All 35 cadets and Flt Cdr took initiative and cleaned the river bank of Udayavara for 30 minutes.

## **CONCLUSION**

The Swachta Abhiyan program and the corresponding activities empowered the cadets positively, injected the seriousness behind the Swachh Bharath abhyaan into the cadets. The motto of the program was successfully achieved as all the cadets were convinced with the motto and the idea behind the Abhyaan while cleaning the shoulders Udayavara river that were spotted with trash. The cadets of 06 AIR SQN NCC, Flight – B, Alva's Air Wing NCC foresees for more such opportunities. Kindly visit, [www.alvasairwingncc.in](http://www.alvasairwingncc.in)

## REPORT ON COASTAL CLEANUP EVENT

Date : 27 DEC 2020.

Venue of event: Sasihithlu Beach,

Timings: 0630 – 1130 hrs

### FOREWORD

This report intends to brief about the coastal cleanup activity conducted by NCC cadets along with students of Srishti Club of Alva's Institute Of Engineering And Technology, initiated by Mantra Surfing Club, Mangalore. The event was organized at Sasihithlu beach on 27 Dec 2020 i.e. Sunday and a total of 29 Alva's NCC Air wing cadets and 01 ANO attended the event.

### MOTTO

The main purpose of the campaign was to create awareness among the cadets and students, regarding preserving our **MOTHER NATURE**. Keeping the beaches clean will not only make it look beautiful but it will also reduce the pollutant intake by the sea, which will reduce the pollution in the sea and will save the lives of water animals.

### OUR COMMITMENT AND ACTION

The cadets were briefed on segregation method of waste into various bags, and purpose of segregation which intern help in recycling of waste. It was hard to see so much of pollution there laying outside to be cleaned up, and the most sad part is the majority of the pollution was with liquor bottles, and then with the footwears left behind by the visitors at beach.

The cadets collected more than 20 bags of waste, which includes 3 categories

1. Plastic (Black Bag)
2. Thermocol, foot wares, degradable items (Red Bag)
3. Glass Bottles (White Bag)

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## CONCLUSION

The visit was inspiring for the cadets. The cadets of Flight-B, 6 Kar Air Sqn NCC looks forward for more such opportunities. With the slogan “**BE KEEN TO KEEP BEACHES CLEAN**”. The event had come to an end with knowledgeable, yet refreshing Coastal Cleanup activity.

## **REPORT ON BLOOD DONATION CAMP BY NATIONAL CADET CORPS IN ASSOCIATION WITH NATIONAL SERVICE SCHEME & YOUTH RED CROSS**

DATE: 29 DEC 2020

VENUE: ALVAS INSTITUTE OF ENGINEERING AND TECHNOLOGY.

TIMINGS: 8:30 - 16:00 hrs

***"BLOOD DONATION MEANS FEW MINUTES TO YOU, BUT A LIFE TIME  
FOR SOMEBODY".***

### **FOREWORD**

This report intends to brief about the blood donation activity conducted by National Cadet Corps of 06 Kar Air Sqn NCC, Air Wing (Flt-B) in association with National Service Scheme (NSS) of Alva's Institute of Engineering And Technology. This event was organized at AIET on 29/12/2020 i.e. Tuesday and a total of 20 Alva's NCC Air Wing cadets were part of this event.

### **MOTTO**

The main intention of this camp is to create awareness among the students, cadets and common people to donate blood which in-turn saves lives. Blood donation is a major concern to the society as donated blood is life saving for individuals who need it. Donating blood can help in treating patients suffering from various diseases. There is a shortage for active blood donors to meet need of increased blood demand, this camp was initiated and was successful.

### **OUR COMMITMENT AND ACTION**

Cadets were briefed to set up an entire arrangements for an event. Cadets were part of the inauguration program. Being a volunteer of this event cadets handled a registration session and routed the donors towards various procedure of checkup like thermal screening, weight checkup, and blood pressure rate.

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

Nearly 133 Active donors donated blood in this camp to Wenlock & Alva's Hospital. There was full time support from cadets to medical staff and donors.

## CONCLUSION

This event inspired the youth and the cadets. It is important to know that human blood cannot be manufactured, people are the only source for it and that is why it is important to donate blood and help those who need it. The Flight-B of 6 Kar Air Sqn NCC looks forward for more such opportunities.

## **HAM RADIO WORKSHOP BY MARC**

**Date: 9 January 2021**

**Timings: 9000 – 1700 hrs.**

### **FOREWORD**

This report intends to brief about the workshop on ham radio in association with Mangalore Amateur Radio Club. The activity had been initiated and performed by the MARC members, organized by Dept. of ECE, AIET and Air Wing NCC Flt – B. The following members of MARC have accepted our request and visited our campus to train the cadet and students on amateur radio:

- a. Mr. Shrikanth VU2SBJ
- b. Mr. Abhay VU2ABU
- c. Mr. Ramachandra VU2RCT
- d. Mr. Rohit VU2RDQ
- e. Mr. Abdul Majid VU2QDX
- f. Mr. Sampath VU2PWO

### **OUR COMMITMENT AND ACTION**

This workshop was conducted in order to bring awareness among the cadets the need to communication during emergency or disaster times using a simple Radio. With the help of members of MARC and our cadets setup a simple VHF antenna with handy receiver to receive the signal and transmit.

The session started with introduction to program/workshop by Mr. Shrikant VU2SBJ, followed by explanation of HAM and its history Mr. Ramachandra VU2RCT. Mr. Rohit VU2RDQ demonstrated VHF communication made across various places. Cadets were given the opportunity to interact and talk with other people using the radio in a different place. Cadets encountered people from Mangalore, Udupi, Karkala and Surathkal. He also discussed on fun of HAM radio and utilization of HAMs and resources during emergency communication. The cadets were also briefed on ASOC

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

examination that can be taken by any person above the age of 12 to apply for HAM license after clearing the exam.

In the afternoon session, Mr. Srikanth discussed on Satellite Communication for HAM communication on QO – 100 satellite following by demonstration in which they made a contact to Netherland, Heisenberg, South Africa. The cadets and students also had QSO with these DX stations with full of joy and happiness. The last session was on Slow Scan Television (SSTV) by Fg Offr Parveez Shariff B G, VU3PZL and Mr. Abdul Majid, VU2QDX followed by demonstration, in which they have transmitted and received couple of photos through radio signal. With this the workshop come to an end with lot of knowledge acquired by cadets and students.

## CONCLUSION

A total of 73 cadets from Flt - B were present for the workshop. The workshop motivated NCC cadets to become HAM. The Flt – B NCC thank the Management, Principal of AIET, Commanding Officer and staff of 06 Kar Air Sqn NCC for encouraging and supporting to do such a wonderful activities. Follow us on [www.alvasairwingncc.in](http://www.alvasairwingncc.in)

## DISASTER MANAGEMENT TRAINING BY NDRF TEAM

Date: 11<sup>th</sup> January 2021 - 13<sup>th</sup> January 2021

TIMINGS: 9000 hrs. – 1700 hrs.

### FOREWORD

This report intends to brief about the training imparted for NCC cadets by NDRF team conducted by 06 KAR AIR SQN NCC Flight B, AIET. A total of 250 cadets of Alva's College were present for this training program which includes the **Army Wing, Naval Wing, Air Wing**. This training was conducted mainly to educate and create awareness about to handle the situation during the disasters.

### DAY-1:

The program was inaugurated by **Sri. Umanath Kotian**, MLA of Moodbidri & Mulky in presence of **Mr. Vivek Alva**, Managing Trustee, AEF, **Dr. Peter Fernandies**, Principal, AIET, **NDRF Team**, RRC Bangalore, **NCC Officers** of Alva's College and **NCC cadets**.

### Session-1:

The Sub Inspector Praveen Kumar Upadhyia took up the session on the topic MFR (Medical First Responder). Medical First Respondent is very important and crucial task required to be carried out at the spot of accident. If anyone is a trained in MFR he/she can take necessary steps at the spot before

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

ambulance arrives. Thus MFR tells us about the steps that are to be taken before taking the patient to the hospital when an incident takes place.

## MFR (Medical First Responder):

1. He/she mainly does the dots check which is checking whether there is any fractures in the body.
2. Firstly a MFR should seek the permission from the bystander before doing the necessary checks, only if the permission is granted to MFR is supposed to proceed.
3. It is done by two persons where, one checks the victims and the other make a note of injuries in the victim, it is mainly for the reference of the doctor to start the treatment earliest as possible.

NDRF team gave demo on MFR and then asked some of the volunteers to perform MFR practically on the stage and after post lunch Fg Offr Parveez Shariff B G took interest and thought this was very important part of the training and split cadets in buddy pair then asked all to do the MFR training where cadets every practiced.

## Session – 2:

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

The second session was about bleeding control, soft tissue injury, and muscular skeletal injury. In this session, NDRF team demonstrated how to handle/control the bleeding of person at the time of accident.

1. Clean the wound surface with tincture and cover the wound with different types and ways of tying a bandage, as demonstrated by NDRF team.
2. If the bleeding doesn't stop then direct pressure need to be applied.
3. In case of skeletal injury, NDRF team had demonstrated with different types of bandage techniques with sticks and other props.

## DAY-2:

### Session – 1:

The session started with discussion on Foreign Body Airway Obstruction (FBAO). This session explained about the clearing the airway obstruction and providing oxygen if necessary at the time of incident.

There are 2 types of Choke: -

1. Partial Choke: This happens during eating food and during tongue twist.
2. Complete Choke: If this happens means person will not able to breathe and can die.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

During this situation, the airway of the patient need to be cleared and provide the oxygen by one of the following methods.

1. Oropharyngeal airway,
2. Bag Valve Mask,
3. CPR mask usage.
4. Equipment's used in oxygen delivery system.

An **oropharyngeal airway** is a medical device called an *airway adjunct* used to maintain or open a patient's airway. It does this by preventing the tongue from covering the epiglottis, which could prevent the person from breathing. The correct size OPA is chosen by measuring from the first incisors to the angle of the jaw. The airway is then inserted into the person's mouth upside down. Once contact is made with the back of the throat, the airway is rotated 180 degrees, allowing for easy insertion, and assuring that the tongue is secured. An alternative method for insertion, the method that is recommended for OPA use in children and infants, involves holding the tongue forward with a tongue depressor and inserting the airway right side up. Use of an OPA does not remove the need for the recovery position and ongoing assessment of the airway and it does not prevent obstruction by liquids (blood, saliva, food, cerebrospinal fluid) or the closing of the glottis. It can, however, facilitate ventilation during CPR (cardiopulmonary resuscitation) and for persons with a large tongue.

The main risks of its use are:

1. If the person has a gag reflex, they may vomit.
2. When OPA is too large, it can close the glottis and thus close the airway.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## Bag Valve Mask:

The Bag-Valve-Mask (BVM) apparatus are also known as manual resuscitators and as self-inflating resuscitation systems. The examples include Laerdal, Ambu, Hsiner, Mayo, and Air Viva.

## CRP Mask:

A **pocket mask**, or **pocket face mask** or **CPR mask**, is a device used to safely deliver rescue breaths during a cardiac arrest or respiratory arrest. The specific term "Pocket Mask" is the trademarked name for the product manufactured by Laerdal Medical AS. It is not to be confused with a bag valve mask (BVM).

## Usage:

While a pocket mask is not as efficient as a bag valve mask, it does have its advantages when only one rescuer is available. As suggested by its name, the pocket mask benefits from a somewhat easier portability when compared to the bag valve mask. Also, in contrast to the bag valve mask, which requires two hands to operate (one to form a seal and the other to squeeze the bag), the pocket mask allows for both of the rescuer's hands to be on the patient's head. This hand placement provides a superior seal on the patient's face, and allows the responder to perform a jaw thrust on patients who may have a spinal injury.

# Alva's Air Wing NCC (Flight – B)

6 Kar AIR SQN NCC, Mangalore

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## Session – 2:

The session -2 was the demonstration of lifting and moving the patient. The following are the methods:

### Lifting and moving: -

- Plan your move before lifting.
- Use your legs to lift, not your back.
- Keep the object close to your body.
- Stack move your body as vertical unit.
- Reduce the height from Kneeing down.

### Moving Patients:

There are 2 types of patient moves, they are

- Emergency move.
- No -Emergency move.

Type of Emergency move:

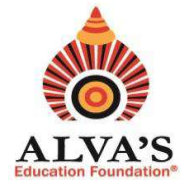

1. Shirt drag.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

2. Shoulder drag.
3. Blanket drag
4. Fire fighter drag
5. Piggy back carry
6. Sheet drag
7. Cradle carry
8. Rescuer crutch.

## Session – 3:

The session -3 was on the flood management. The NDRF team had discussed the do's and don'ts to be carried out during flood. A **flood** is an overflow of water on normally dry ground. This is most commonly due to an overflowing river, a dam break, snowmelt, or heavy rainfall. Less commonly happening are tsunamis, storm surge. The deadliest flooding was in 1931 in China and killed between 2,000,000 and 4,000,000 people. The Kerala flood in India was another flood that has destroyed people's houses.

### Causes of Flood:

Flooding is usually caused when a volume of water within a water body, such as a lake, overflows outside it. Sometimes if a dam breaks, it suddenly releases a large amount of water. The result is that some of the water travels to land, and 'floods' the area. Many rivers are in a channel, between river banks. They flood when the strength of the river causes it to flow beyond the banks. This is more common at bends or meanders. Flood damage can be prevented by moving away from places that flood. However, people have long liked to have their homes and businesses alongside water because water is good for agriculture and transport and in other ways.

### Before the Flood:

1. Stop leakage of Dams.
2. Evacuate the home you are staying.
3. Go to the high peak point areas.
4. Keep first aid kit with you always.
5. Use Floating things around you for your help.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## During flood time:

- Switch off home currents.
- Close all doors of home.
- Leave freely to all animals if any tight at one place.

## After Flood:

- Call medical Treatment or any forces nearby.
- Securely remove home doors and get in because there can be thing that can harm you.
- Don't move in any unknown flooded area.
- Dug and bury the dead animals in your surroundings.
- Search for clean water to drink.

## Types of water:

1. Inland water: which is available in rivers, dams, pounds,wells ,etc.
2. Open water: which is found in Sea and Oceans.

## Swimming Techniques:

The NDRF team had taught on different swimming styles and the easy way to swim for the non-swimmers.

### 1. Freestyle swimming:

Also known as the front crawl, this is the classic swimming posture. Lie on your stomach and flutter your legs while alternating the arms in a windmill motion.

### 2. Backstroke swimming:

Lie on your back and flutter your legs while circling your arms in a windmill motion. It's very similar to the freestyle, but you swim on your back and propel yourself backwards.

### 3. Breaststroke swimming:

Float with your stomach facing down, then move your arms in a half-circle motion in front of the body. Bend your legs, then kick back with good timing, and you'll propel yourself up and forward.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

4. **Sidestroke swimming:** Although not one of the official four strokes in competitive swimming, the sidestroke is a great survival technique. This is commonly used by lifeguards because you can hold onto another person and keep them above water while you swim.

## KNOTS:

The NDRF team had taught the technique of tie knots, which will be helpful during the flood management to rescue/evacuate the people. This **list of knots** includes many alternative names for common knots and lashings. Knot names have evolved over time and there are many conflicting or confusing naming issues. The overhand knot, for example, is also known as the thumb knot. The figure-eight knot is also known as the savoy knot or the Flemish knot.

## Different types of knots:

1. Tight interlacing of two ropes. A knot is also a unit of speed in aviation and marine navigation equal to one nautical mile per hour.
2. Halyard knot: interlacing of ropes used to attach the halyard to a sail.
3. Reef knot: interlacing of ropes made of two half-knots inverse to each other.
4. Bowline: interlacing of ropes with a loop that can be used as support.
5. Two round turns and a half-hitch: interlacing of ropes around an object by making two turns, then a Hal-knot.
6. Two half-hitches: interlacing of ropes around an object by making two half-knots, one after the other.
7. Double shell bend: double interlacing of ropes, used to attach two ropes together.
8. Sheet knot: interlacing of ropes used to attach two ropes together.
9. Figure of eight knot: interlacing of ropes used to finish the end of a rope.
10. Overhand knot: simple interlacing of a rope.

## DAY-3:

It was the last day of the training and was field activity cadets were taken to Mulki backwaters, there NDRF team made three groups one was swimmers, second was non- swimmers and third was SW's who were supposed to learn boat handling. Constable Kanan was handling swimming trainings he has 17 years of experience in swimming and training so this was great opportunity for cadets to learn under him.

At first cadets were made to do exercises in water and on ground then made to enter in the water and made a line of 10 and there were total of 58 cadets in swimming group, Mr. Kannan thought four types of swimming techniques.

### 1. **Head up freestyle:**

Heads-up freestyle allows you to move around the pool quickly while keeping your face out of the water and have a look at the victim, and save him immediately.

### 2. **Head down freestyle:**

Head-down freestyle is used to move faster in water and save the victim in emergency.

### 3. **Breast stroke:**

Breaststroke is a swimming style in which the swimmer is on their chest and the torso does not rotate. It is the most popular recreational style due to the swimmer's head being out of the water a large portion of the time, and that it can be swum comfortably at slow speeds.

### 4. **Butterfly stroke:**

The butterfly (colloquially shortened to fly) is a swimming stroke swum on the chest, with both arms moving symmetrically. It is the newest swimming style swum in competition, first swum in 1933 and originating out of the breaststroke.

## **Ways of rescuing a victim who is drowning in water:**

### 1. **By Chin Tow:**

Use this tow with cooperative or unconscious casualties. It is the easiest tow if you relax the towing arm. Your casualty should be towed behind you, not beside you which would be too much effort. Hold on to the chin, not the throat. Use side stroke or lifesaver's backstroke and don't kick the casualty.

### 2. **By Head tow:**

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

This is another tow for a cooperative casualty. Holding the head gives good control and feels reassuring to the casualty. Only drawback is that you only have your legs to push forward with.

### 3. By Cloth Tow:

The clothes tow is used to help swimmers who are tired but not struggling. The rescuer grabs the clothes on the casualty's back between the shoulders and pulls him to a horizontal position, floating on his back. He maintains his hold of the casualty's clothes, keeping his arm fully extended, and uses a modified sidestroke while towing.

### 4. By Shoulder Tow:

This is yet another tow for a weak or non-swimmer who needs to be taken across deeper water. Ask the casualty to hold on to your shoulders or waist whilst you swim with normal breaststroke. Only use this tow with people who you can trust to behave and not to panic.

Overall, it was a great session to learn all this technique.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## CLOSING CEREMONY:

The three days regress training on Disaster Management for NCC cadets come to an end on 13 Jan 2021 with the closing ceremony at 1600 hrs. The chief guest for the program was **Col A K Sharma**, Group Commander, Mangalore Group along with **Mr. Vivek Alva**, Managing Trustee, AEF, **Dr. Peter Fernandies**, Principal, AIET, **NDRF Team**, **NCC Officers**, and **NCC cadets**. The Gp Cdr appreciated the efforts of NDRF team training NCC cadets and encouraged cadets to implement the learning whenever disaster situation occurs.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## OUR COMMITMENT AND ACTION

For any program to be conducted ground work is very important, on this occasion NCC cadets of Alva's College from 6 KAR AIR SQN NCC, Mangalore had done lot of work from start till end keeping in mind the importance of training for cadets. This program aspired the students to learn the importance of being MFR, methods to be followed after a disaster, bleeding techniques, breathing when anything is stuck in respirational tract, swimming tactics and saving with those swimming tactics etc.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## CONCLUSION

A total of 250 cadets from **Army, Navy and Air Wing** participated in this training program. In particular, **81 Air wing NCC** cadets took part in training program. By the end of the training all cadets were well aware of the steps to be taken while any disaster and MFR's. Even in this pandemic situation the overall training sessions went well with the corporation of all the cadets and support from the NDRF team and the management.

Flt – B Air Wing NCC propose special thanks to **The Commandant, 10 Bn NDRF, Guntur** for approving our training request. We thank to **NRDF team** for imparting regress training for NCC cadets. We thanks to **Mr. Vivek Alva**, Managing Trustee, AEF, for encouragement and rendering all the support to conduct the event. We thanks to **Sri. Umanath Kotian**, MLA for greasing inauguration program. We thank **Col A K Sharma**, Gp Cdr, Managalore Gp for withness and bless closing ceremony of training. We thank **Dr. Perter Fernandies**, Principal, AIET and **Gp Capt A G Srinivasan**, CO, 06 Kar Air Sqn NCC for continues support in conducting such event.

*Event photos:* <https://photos.app.goo.gl/qHcWCXcXbHPth5av9>

## **REPORT ON WORLD WILD LIFE DAY**

Date: 3 March 2021

Time: 1700hrs to 1800hrs

### **FOREWORD**

The activity was conducted by the NCC cadets of 6 KAR AIR SQN NCC to brief about the world wild life day on 3 Mar 2021. The event was an online seminar on wild life and its conservation followed by a quiz for all the cadets of the flight A, B and C. A total of 90 students participated in the quiz from all the 3 flights. The event was planned and led by Cdt Akhilesh Herkal, Cdt Brijesh Reddy and Cdt Prenita.

### **MOTTO**

The intention of the event was to bring awareness among the cadets about the wild life and their conservation. Through the seminar they would gain knowledge about the wild life where they exist, what is their habitat and so on. By knowing about all the wild life would enlighten them to do better with the wild life.

### **INVOLVEMENT AND RESPONSE**

The senior cadets of flight B took the initiative to educate their co-cadets of unit about the world wild life day through a brief seminar where they explained about various wild life species, their existence, about their specialties and which are the species that are endangered that can be taken in order to preserve and protect the wild life and the habitat. The quiz was conducted based on the world wild life day and total of 90 cadets participated in the quiz making it a grand success.

### **CONCLUSION**

On this day of 3 Mar 2021, celebrating the world wild life day All the cadets of 6 KAR AIR SQN NCC Flight B enjoyed learning about the perks of the World Wild Life Day.

## A TALK ON LIFE SKILLS BY SWAMI DHARMABANDHU

Venue: MBA Auditorium

Date: 06 March 2021

Time: 1100hrs to 1300hrs

### FOREWORD

The seminar was conducted by the NCC cadets of 6 KAR AIR SQN NCC to brief about the youth's power as well as responsibilities of the youth on 06 Mar 2021 by Swami Dharmabandhu. The event was held in MBA auditorium, the cadets of Army, Navy and Air wing attended the event. The event was led by Cdt Ravichandra, Cdt Brijesh, Cdt Prenita and Cdt Deesha. The escorting pilots were Cdt Aishwarya and Cdt Jenny.

### MOTTO

The intention of this was to bring awareness among the cadets about the youth's responsibilities in society, discipline in life, goals to be achieved. To create a healthy mindset regarding future and the difficult times and to sound tune our life with some basic principles.

### OUR COMMITMENT AND ACTION

This seminar started with a brief introduction of the resource person *Swami dharmabandhu*, followed by the cheerful talk by honorable managing trustee **Mr. Vivek Alva, AEF**. The Chief Guest started the talk by explaining about his work, before and after which these were related. He explained the cadets about simple rules and principles of life to be followed to achieve success in life. Some of these are listed below:

1. First thing first
  - a. Keep Proper Health
  - b. Enhancement of knowledge
  - c. Financial literacy

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

2. Surround yourself with great people
3. Under promise and over delivery
4. Be your own man
5. Loyalty the vital worship
6. Stand against to bullies
7. Organize around a purpose etc.
8. Prepare relent Lessoning - karmata purav taayaari karo

Practice

- a. Enter classroom at least before two min.
- b. Concentrate for professional things
- c. Learn a day before next day in brief
9. Develop and communicate strong believe, pillars are listening and learning.
10. Reflect then decide - pahele socho then decide karo
11. Always compete with yourself
12. Read and learn immediately

These are some of the many vital points told by the **Swami dharmabandhu**.

## CONCLUSION

During this seminar, the cadets were well guided with the amazing principles to be successful in life, to keep progress in steady pace. There were total of 13 principles, each has a great meaning in each person's life, in their own perspective. This seminar taught all the skills that were need to be a good human with success, as well as prosperity.

## **A REPORT ON SWATCH BHARAT ABHIYAN**

**Venue of event:** Shirthady, Moodbidri

**Date:** 07 Mar 2021

**Time:** 0915 to 1330 hrs

### **FOREWORD**

This report intends to brief about the Swatch Bharat Abhiyan activity conducted by Alva's Ncc Air wing and Ncc Naval wing. The event was organized by Flt – B Air Wing NCC of 06 Kar Air Sqn NCC & Naval wing of 05 Kar Naval Wing along with President Mr. Santosh & members of Gram Panchayat, Shirthady, Moodbidri on 07 Mar 2021. Total of 52 Air wing cadets and 22 Naval wing cadets attend the event. The event is headed by Flying officer Parveez Shariff B G and Sub Lt Nagaraj along with senior cadets Lfc Dhanaraj.

### **MOTTO**

The main purpose of Swatch Bharat Abhiyan was on step towards to spread the awareness and importance of cleanliness. The main aim to make India a clean nation. It is a nationwide campaign aiming to clean up the streets, roads, cities and rural areas.

### **OUR COMMITMENT AND ACTION**

The interior road of Shirthady of stretch 04 kms is cleaned by NCC cadets. As per the instruction given by ANO's cadets were divided in to 2 group's, Air wing and Naval wing. The first 2 kms area was cleaned by air wing cadets and rest of 2 km was cleaned by Naval cadets in reverse direction. The Cadets cleaned a lots of thorns and grasses which covered the side of road, also picked up plastic bottles and plastic covers along the way.

Tools used for Swatch Bharat Abhiyan as follows:

1. Grass cutter machine – 03 quantity
2. Shovels
3. Knife's.

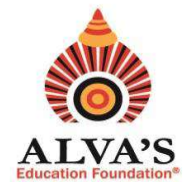

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

4. Garbage bags
5. Carrying buckets
6. Spade shovels
7. Others.

## CONCLUSION

The cadets of Flight-B 06 Kar Air Sqn and 05 Kar Naval wing cadets were inspired to spread the awareness for this activity. The cadets of Ncc look forward for more such activity in future. The event had come to end with satisfaction and wish to do more of such actives in future.

## **ENVIRONMENTAL DAY**

**Date: 05 Jul 2021**

### **FOREWORD**

The activity was conducted by the NCC cadets of 06 Kar Air SQN NCC to brief about the World Environment Day on 05 Jun 2021. The event was an online seminar on Environment and its importance followed by a small group discussion for all the cadets of the Flight-B. Total of 51 Cadets attended the session. The event was planned and led by LFC Sumanth Patel.

### **MOTTO**

The intention of this was to bring awareness among the cadets about the youth's responsibilities in the ecosystem and its conservation. Amid the corona virus pandemic, the theme of the 47th World Environmental Day is “Ecosystem Restoration”. The focus of this day is on resetting relations with nature.

### **OUR COMMITMENT AND ACTION**

The 51 cadets of Flight-B took the initiative to educate their co-cadets and the People of society by making Colleagues and Upload in social Media to MOTIVATE towards the Greeny surroundings. On the occasion of World Environmental Day a brief seminar was organized to explain about the significance of environment and World Environmental Day, followed by the current issues that are faced by the environment, and also our roles in protecting the mother earth. Cadets actively took part in the seminar, Q&A session and planted a sapling near their vicinity. Cadets also shared the colleague in the social media to create awareness.

### **CONCLUSION**

On this day of 05 June 2021, celebrating the World Environmental Day, all the cadets of 06 Kar Air Sqn NCC Flight-B enjoyed learning about the perks of the World Environmental Day.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

All in all the day was a great success and has certainly made a great difference to the way we view our environment. The WED celebrations came to an end with everyone pledging to take the initiative of saving the environment and doing their bit for a cleaner and greener mother earth by planting a sapling around their houses and sharing the meaningful posters and colleagues.

**GLOBAL LANDSCAPES FORUM SALUTES**  
**U.N. DECADE ON**  
**ECOSYSTEM**  
**RESTORATION**  
**2021-2030**

**Land restoration could generate trillions of dollars in ecosystem services**

**Global Landscapes Forum**

**Landmark Decade on Ecosystem Restoration 2021-2030 declared on 1 March 2019 by the United Nations to accelerate the restoration of degraded ecosystems, is part of a longterm effort by the Global Landscapes Forum (GLF), its partners and charter members.**

**Momentum grew for the idea of a decade dedicated to landscape restoration throughout 2018 at international events organized by GLF in Washington, Nairobi and Bonn, Germany, hosted by the World Bank and UN Environment.**

**Initial concept for the U.N. decade emerged from the Bonn Challenge to restore 150 million hectares of land by 2020, and 350 million hectares by 2030, which was launched in 2011 by the government of Germany and the International Union for Conservation of Nature (IUCN), and later endorsed and extended by the New York Declaration on Forests at the 2014 U.N. Climate Summit. In its infancy, the concept of the U.N. Decade on Ecosystem Restoration was supported by El Salvador, UN Environment, IUCN and GLF.**

**The decade, launched by UN Environment and the Food and Agriculture Organization of the United Nations (FAO), weaves together a range of international agreements – including the U.N. Sustainable Development Goals, U.N. Convention on Biodiversity Aichi Targets, U.N. Framework Convention on Climate Change, U.N. Paris Agreement on climate change, U.N. Convention to Combat Desertification, Ramsar Convention on wetlands and the U.N. Strategic Plan on Forests 2017-2030.**

## **REPORT ON TREE PLANTATION EVENT IN** **ASSOCIATION WITH NECF**

Date: 20 Jun 2021

Venue of Event: Kella puthige, Belvai

Timings: 0800 – 1500 hrs

### **FOREWORD**

This report intends to brief about the tree plantation activity conducted by NECF- National Environment Care Federation. The event was organized at Kella puthige hora bailu, Belvai on 20 Jun 2021 i.e. Sunday in which total of 07 Alva's NCC Air wing cadets and 01 ANO attended the event.

### **MOTTO**

This activity was done in order to increase the forest area and to bring create awareness among cadets regarding deforestation, and its harmful effects. As we all know how important our nature is to us. Being a responsible cadets we have to make sure our surrounding is always green.

### **OUR COMMITMENT AND ACTION**

Cadets were briefed about the event by NECF state president Mr. Shashidhar Shetty, in the briefing the importance of oxygen during pandemic was explained. Dr, M Mohan Alva, Chairman of Alva's Education Foundation (AEF) inaugurated the event by planting first sapling. Cadets along with the members of NECF planted **500 tree sapling**, which included bamboo, jackfruit, Neem, etc. There was enjoyment as well as satisfaction of saving the Mother Nature. The event was successfully supported by the Karnataka State Forest Department, under direction of RFO Prakash, and local PDO and Panchayat officer. It was a mountain terrain, in spite of the cadets and an ANO Fg. Offr. Parveez Shariff B G did wonderful job wholeheartedly by plating the saplings.

# Alva's Air Wing NCC (Flight – B)

Moodbidri - 574227

6 Kar AIR SQN NCC, Mangalore

## CONCLUSION

The event was really most joyful during this pandemic, cadets learnt how to take care of the tree saplings. Understood the importance of tree plantation for coming future generation. This is important for taking care of our surrounding, as well as to fill the barren land with trees if possible.

## **INTERNATIONAL YOGA DAY**

**Date:** 21 Jun 2021

**Timings:** 0700 - 0800 hrs

### **FOREWORD**

This report intends to brief about the involvement and support severed by the cadets of 06 KAR AIR SQN NCC, Flight –B for the international level initiative on “International Yoga Day (IYD)”, a journey towards healthy lives. The event was organized by 06 KAR AIR SQN NCC, FLIGHT-B in association with Alva's college of Naturopathy and Yogic Sciences.

### **OUR COMMITMENT AND ACTION**

Yoga is a group of physical, mental and spiritual practices or disciplines which originated in ancient India. Yoga is one of the six orthodox schools of Hindu Philosophical Traditions. There is a board variety of yoga schools, practices, and goals in Hinduism, Buddhisam and Jainishm. The term "Yoga" in the western world often denotes a modern form of hatha and yoga as exercise consisting largely of postures or asana.

In the midst of the Covid-19, the cadets of 06 Kar Air Sqn NCC, Flight – B have actively participated in the online session and spread awareness of yoga through various social media. Around 900 participants took part, which includes, students, staff of college, parents and 48 cadets from Flight – B. The cadets actively took part in IDY from their respective home. The added advantage of performing yoga in home were even parents of cadets took part.

### **CONCLUSION**

It is very important for Nation to act lively in performing yoga and keeping themselves physically and mentally fit. On 21 Jun 2020, 48 cadets uploaded their yoga photos in Facebook, Instagram and Tweeter. The Event video is available in this link: <https://youtu.be/tW1v8rMLoMg>.
