Mr. GauthamBhat explaining importance of IPR

This program was conducted for generating awareness among students regarding what is IPR, Rules on how to protect patents, copyrights, trademarks, publications, books, projects and other forms of IPRs. This was mainly conducted to bridge a gap between industry and academics. This encouraged students to understand the role that intellectual property plays in fostering a creative and innovative culture. It also helped students to understand how to respond to infringements of rights including patent rights. About 188 students attended the seminar.
