SRISHTI CLUB

ACTIVITY REPORT- (2024-25)

SRISHTI –The Nature Club

Objectives

“SRISHTI” is the Nature and Environmental Club of AIET that provides expert insights on pressing environmental issues through various student-centered initiatives. The club aims to:

- Sensitize students to critical environmental concerns through audio-visual programs.
- Launch environmental and wildlife awareness campaigns
- Organize trekking & camps in nearby forest regions to explore and appreciate the beauty of nature.
- Encourage sapling plantation and rejuvenation of forest areas.

Description

SRISHTI Club offers a diverse range of ecological and nature-oriented activities, creating a platform for students to connect with and deepen their relationship with Mother Nature. The club conducts various informative and adventurous activities that contribute to the holistic development of AIET students. The **Vision** of the club is to serve as a role model by implementing innovative, creative, and contemporary practices to preserve and protect nature. The **Mission** is to raise awareness among students of Alva’s about environmental issues and their far-reaching impact.

Execution

Events are identified at the beginning of the academic year in consultation with the college administration, sponsors, and club members. Execution is carried out in collaboration with external organizations such as NGOs and forest departments to ensure impactful and meaningful outcomes.

SRISHTI- The Nature Club Activities (2024–25)

SI No.	ACTIVITY	Page
1.	Field visit to Sammilan Shetty's Butterfly Park, Belvai & Soan's Farms, Bannadka	1
2.	WILDLIFE Week Jatha	9
3.	Water Bird's Stamp Photo Exhibition	15
4.	Field Visit To "Kudremukha National Park"	21
5.	Trekking to Kurinjal Peak on the Occasion of World Mountain Day	26
6.	Nature & Wildlife Awareness Camp at Naravi, Edu	32
7.	Visit to "Agumbe Rainforest Research Station (ARRS)" & "Kalinga Center for Rainforest Ecology (KCRE)"	38
8.	Visit to Siddi Tribe Peoples, at Kelase, and residence of Padmashree Sukri Bomma Gowda near Ankola	46
9.	"WORLD ENVIRONMENT DAY"	51

SRISTI Club Report (22.09.24)

Field visit to “Sammilan Shetty’s Butterfly Park”

Venue: Belvai, DK

Date: 22/09/24

OBJECTIVES of Park: To educate visitors, especially children, to highlight the need for conservation of butterflies. To provide a protected habitat for butterflies of Western Ghats biosphere and undertake scientific study and research on butterflies. Park provide an uplifting experience by viewing and enjoying the beauty of butterflies.

DETAILS: Sammilan Shetty’s Butterfly Park was set up in the year 2011 by Sammilan Shetty, a young nature lover and butterfly enthusiast. The park is situated at Belvai, near Moodbidri at the foothills of the Western Ghats. The park is a treasure house of a wide variety of butterflies belonging to this region. This park is developed on natural greenery and the butterflies are also natural inhabitants of the park. The park respects the butterfly’s freedom and no dome or enclosure is maintained to keep them trapped within the park. Only suitable conditions which are conducive to different varieties of butterflies are created to attract them to the park. The park is being run with service motive and is not a commercial undertaking.

Total 33 Members of SRISHTI-Club visited Sammilan Shetty’s Butterfly Park on 22/09/24, along with faculty in charge Dr. Roshan Shetty. On this auspicious occasion the participants were made aware of the need of butterfly conservation in the current times. They were also informed about how to keep the nature clean and healthy to protect and attract butterflies.

OUTCOMES:

- Awareness among students community is created about need of butterfly conservation.
 - Awareness among students community is created about need of scientific study and research on butterflies
 - Great way to make new friends & build relationships with people who are about the environment and life science.
 - Walkthrough students watched butterflies, their eggs, caterpillars and pupa in butterfly natural habitat.
-

SRISTI Club Report (22/09/24)

Field visit to "Soan's Farm"

Venue: Bannadka, DK

Date: 22/09/24

OBJECTIVES of Farm: The Soans farm is basically a horticulture farm consist of many trees. One can visit this place to see many fruit trees from all around the world. They sell fruits and plant spices grown in their farm. They have special fresh fruits on the way back especially pineapple, rambutan, litchis etc. The farm is cultivated and conserved by the Soans family Bannadka. A walk in the farm looking at the trees and rare plants is a great experience.

DETAILS:

Total 33 Members of SRISHTI visited Soan's farm on 22/09/24, along with faculty in charge Dr. Roshan Shetty. On this auspicious occasion the participants were made aware of the need of rare plant conservation in the current times. They were also informed about how to keep the Nature clean and healthy to protect and grow plants.

Soans farm is an absolutely super place to spend a quiet day amidst nature. Got to meet the Soans family, who are nice people and very knowledgeable about plants and trees, nature, places nearby, history of the places around etc. They were kind enough to sketch out places of attraction nearby.

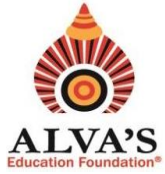

A walk in the farm identifying / looking at the trees and rare plants is a great experience. The farm is teeming with peacocks and it is a common sight to see peacocks fanning out their feathers and dancing

OUTCOMES:

- Awareness among students community is created about need of plant conservation.
 - Awareness among students community is created about need of scientific study and protection of trees.
 - Great way to make new friends & build relationships with people who are about the environment.
 - Park Walkthrough where students learnt the art of planting and maintaining the plantation.
-

SRISHTI Club Report (Oct 2024)

EVENT: Participation in "Wildlife Week" Celebration

VENUE: Kudremukha Wildlife Division Office, Karkala

DATE: 02.10.2024

Objectives:

To actively engage students in biological, ecological, and environmental activities with a focus on wildlife conservation. The event aimed to raise awareness about biodiversity through a *jatha* (awareness rally), identify key issues threatening wildlife in the Western Ghats, and encourage behavioral changes that help protect and preserve natural habitats.

Details:

Members of the SRISHTI Club participated in the Wildlife Week celebration held on 2nd October 2024 at the Kudremukha Wildlife Division Office in Karkala. All student members, along with the faculty coordinator Dr. Roshan Shetty, took part in the inaugural program. On this occasion, the students organized a *jatha* (rally) and raised slogans promoting wildlife conservation. Participants were also sensitized on the importance of maintaining a clean and healthy environment.

Outcomes:

- Increased awareness among students regarding the importance of wildlife preservation and ecological balance.
- Provided a platform to connect with others who share a passion for the environment and conservation efforts.
- Students pledged to promote a pollution-free environment that supports the rich biodiversity of the Western Ghats.

SRISHTI Club Report (Oct 2024)

Event: WATER BIRD'S STAMP PHOTO EXHIBITION

Venue: ALVA'S Degree College, Moodbidri

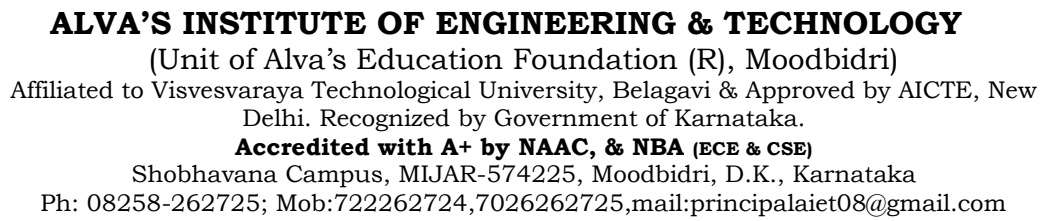

Date: 19/10/2024

OBJECTIVES: To actively engage students in biological, ecological, and environmental activities, including *Water Birds* stamp photography. To raise awareness among the student community about biodiversity through the medium of photography. To identify the root causes of threats to *Water Birds* globally and promote behavioral change to mitigate these impacts, while also creating awareness among the general public.

Details: The exhibition, showcasing a remarkable collection of *Water Birds* stamps curated by **Mr. Daniel Monteiro**, was organized at Alva's Degree College on 19.10.2024 as part of the Lake Conference. All student members of the SRISHTI Club, along with faculty coordinator Dr. Roshan Shetty, actively participated in the inaugural program. The exhibition featured over 500 bird stamps representing more than 170 countries. The event also saw the presence of distinguished guests, students, and other attendees.

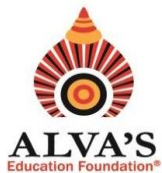

OUTCOMES:

- The *Water Birds* photography exhibition successfully raised awareness among the student community about the importance of preserving biodiversity.
- The event provided an excellent opportunity for students to connect with like-minded individuals who are passionate about environmental conservation.
- Students collectively took an oath to work towards a pollution-free environment that supports and sustains the diversity of *Water Birds*.

Feedback

The ceremony started with introduction of guest. The program aimed to introduce bio-diversity of water birds to the students through photo stamp exhibition. The collector person guided students on how to preserve and secure nature to support water birds. Teachers also participated in exhibition to help students.

By: Abhishek K. 3rd year ECE

The AIET organized a program a called water birds photo exhibition. The objective of this event was to teach students, and introduce WATER BIRD'S through photos. This was a great initiative to make our bio diversity neat and clean.

By: Anu K. 3rd year CSE

"We were all satisfied that we could contribute towards the environment by participating in a birds photo exhibition. We are thankful to the speaker and faculty coordinator for arranging this. A collector has rich experience about the birds for the past 20 years researching on nature and animals through cameras.

ACTIVITY: A FIELD VISIT TO “KUDREMUKHA NATIONAL PARK”

DATE OF VISIT: 17th November 2024 (Sunday)

OBJECTIVES:

To Explore Biodiversity: Understand the rich flora and fauna of the Western Ghats, with a special focus on endemic and endangered species found within the Kudremukha ecosystem. **To Promote Environmental Awareness:** Sensitize students to the importance of preserving natural habitats and promoting sustainable coexistence with wildlife. **To study Ecosystem Interactions:** Observe ecological relationships among species and understand how natural systems function in a protected forest environment.

DETAILS:

The volunteers of the **SRISHTI Club**, AIET, undertook a field visit to **Kudremukha National Park** on **17th November 2024 (Sunday)**. Located in the Chikkamagaluru district, Kudremukha is a renowned multi-purpose eco-tourism destination and a biodiversity hotspot in the Western Ghats. The visit served as an enriching educational experience, providing valuable insights into the region's diverse flora, fauna, and ecological systems. Students were able to observe and learn about various aspects of **botany, and zoology** in a real-world, structured context. The participants demonstrated enthusiastic involvement throughout the visit, making it a truly memorable and impactful learning experience.

OUTCOMES:

- **Enhanced Environmental Awareness:** Students gained a deeper understanding of biodiversity, ecosystem balance, and the importance of conservation in ecologically sensitive areas like the Western Ghats.
- **Field-Based Learning Experience:** The visit provided hands-on exposure to ecological concepts and real-time observation of flora, fauna, and natural habitats, complementing classroom knowledge.
- **Interdisciplinary Knowledge Development:** The trip facilitated learning across disciplines such as **botany, zoology, and environmental physics**, fostering a holistic understanding of nature and science.

To,

IQAC Chairman
AIET, Mijar.

Respected Sir,

Sub: Request for Permission to Visit Kudremukha National Park on 17.11.2024

With due respect, I would like to bring to your kind attention that the **SRISHTI Club** of AIET is planning a **field visit to Kudremukha National Park on 17th November 2024 (Sunday)**. The purpose of this educational trip is to provide students with hands-on exposure to biodiversity, wildlife conservation, and environmental awareness in one of the Western Ghats' most ecologically significant regions.

The visit aims to enhance students' understanding of ecological systems, flora and fauna, and the importance of sustainable natural resource management. This experiential learning opportunity will support academic enrichment in areas such as environmental science, botany, zoology, and conservation studies.

In this regard, we kindly request your permission to organize and participate in this field visit. We assure you that all necessary safety and disciplinary guidelines will be strictly followed, and the students will be accompanied by faculty members.

Thanking you,

Yours sincerely,

I/C SRISTI Club

SRISHTI CLUB REPORT – DECEMBER 2024

Event: Trekking to Kurinjal Peak on the Occasion of **World Mountain Day**

Venue: Kudremukha

Date: 13th December 2024

Objectives:

The primary aim of this activity was to engage students in ecological and environmental initiatives while celebrating the spirit of World Mountain Day. Hills and mountainous landscapes not only enhance natural beauty but also serve as a vital part of Earth's ecosystem, supporting clean air circulation and reducing pollution.

Trekking, as an outdoor activity, provides an opportunity for physical exercise, mental well-being, and scenic exploration. It fosters a deeper connection with nature and promotes both environmental awareness and personal health. Beyond being a recreational pursuit, trekking can serve as a social, educational, and therapeutic experience.

Details:

On **13th December 2024**, 40 student members of the **SRISHTI Club**, accompanied by two faculty members, participated in a **trek to Kurinjal Peak** in Kudremukha. This event was conducted in collaboration with the **Forest Department** to mark **World Mountain Day**.

During the trek, participants were educated on the importance of mountains in maintaining ecological balance, the significance of preserving natural habitats, and best practices to keep the environment clean and undisturbed. The event provided a blend of adventure, learning, and environmental stewardship.

Outcomes:

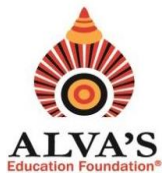

- Students developed a greater appreciation for nature and the ecological significance of mountain ecosystems.
 - The trek offered a platform for students to build friendships and network with peers who share a passion for the environment.
 - Exposure to natural surroundings helped reduce stress, improve sleep, and boost overall well-being — benefits that are clinically supported.
 - The experience emphasized the importance of mental health, showing how trekking can contribute to emotional balance and stress reduction in today's fast-paced world.

AIET, Mijar.

Respected Sir,

Sub: Request for Permission to Participate in Trekking Activity to Kurinjal Peak on the Occasion of World Mountain Day

With due respect, I would like to inform you that the **SRISHTI Club** of AIET is planning to organize a **trekking activity to Kurinjal Peak, Kudremukha** on **13th December 2024** to commemorate **World Mountain Day**.

The objective of this program is to engage students in ecological and environmental activities that foster awareness about the importance of mountains and promote physical and mental well-being. The trek will be conducted with the support of the **Forest Department** and aims to provide students with a unique outdoor learning experience in one of the region's ecologically rich landscapes.

Around **40 student members** along with **2 faculty coordinators** will be participating in this activity. We assure you that all necessary safety measures and guidelines will be strictly followed during the program.

Thanking you,

Name of Activity: **Trekking Activity to Kurinjal Peak on the Occasion of World Mountain Day**

SRISHTI CLUB REPORT –March 2025

Event: Nature & Wildlife Awareness Camp

Venue: Naravi, Edu

Date: March 8 (Saturday), 2025.

Objectives:

Promote Wildlife and Forest Conservation Awareness: Share insights on local biodiversity, conservation efforts, and sustainable forest management practices with camp participants and volunteers. **Educate and Engage Volunteers:** Provide volunteers with informative sessions and interactive discussions led by forest officers and wildlife experts to enhance their understanding of ecological balance, species protection, and environmental challenges. **Showcase Department Initiatives:** Highlight ongoing conservation programs, anti-poaching measures, habitat restoration projects, and community involvement initiatives undertaken in the Karkala and Kudremukha regions.

Details:

Our institution has been invited by the Forest Department (Wildlife Division, Karkala & Kudremukha) to participate in the **Nature & Wildlife Awareness Camp on March 8 (Saturday), 2025**. This camp presents an excellent opportunity for our volunteers to deepen their understanding of nature and wildlife conservation. 40 student members of the **SRISHTI Club**, accompanied by two faculty members, participated in a camp, participants were educated on the importance of wildlife in maintaining ecological balance, the significance of preserving natural habitats, and best practices to keep the environment clean and undisturbed. The event provided a blend of adventure, learning, and environmental stewardship.

Outcomes:

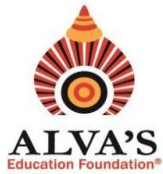

- Students developed a greater appreciation for nature and the ecological significance of forest ecosystems.
- The trek offered a platform for students to build friendships and network with peers who share a passion for the environment.
- Exposure to natural surroundings helped reduce stress, improve sleep, and boost overall well-being — benefits that are clinically supported.
- Inspire the younger generation to participate actively in environmental protection through experiential learning, nature trails, and storytelling by field officers.

SRISTI Club Report (May 2025)

EVENT: Field visit to "Agumbe Rainforest Research Station (ARRS)" and the "Kalinga Center for Rainforest Ecology (KCRE)"

Venue: Agumbe, DK

Date: 1st May 2025

OBJECTIVES:

- To **educate visitors**, especially children, about the **importance of conserving the King Cobra**, a keystone species of the Western Ghats.
 - To provide a **protected, natural habitat** for the King Cobra and support **scientific research** on its behavior, ecology, and conservation.
 - To offer an **uplifting experience** through observing and appreciating the **beauty and majesty** of the King Cobra in its natural environment.
-

DETAILS:

The **Agumbe Rainforest Research Station (ARRS)** and the **King Cobra Research & Education (KCRE)** center were established in **2016** by a group of young nature lovers and King Cobra enthusiasts. Located in **Agumbe**, amidst the lush hills of the **Western Ghats**, the station serves as a **biodiversity haven** and is especially significant for the King Cobra, which naturally inhabits this area.

On **May 1st, 2025**, a total of **33 members** of the **SRISHTI Club**, accompanied by faculty in-charge **Dr. Roshan Shetty**, visited both ARRS and KCRE. The event aimed to raise **awareness about King Cobra conservation** and promote an understanding of the importance of a **clean and healthy environment** for sustaining wildlife.

OUTCOMES:

- Students gained **awareness about the need for conserving King Cobras**, which play a critical role in maintaining ecological balance.
 - The visit promoted interest in the **scientific study and ecological research** of King Cobras and their habitat.
 - The experience encouraged **environmental friendship and networking**, allowing students to build meaningful connections with others passionate about wildlife and life sciences.
-

This visit successfully blended **education, conservation awareness, and experiential learning**, making it a valuable step toward nurturing future environmental stewards.

SRISHTI CLUB REPORT –May 2025

Event: Visit to Siddi Tribe Forest Village

Venue: Siddi Tribe Forest Village, Kelase, and the residence of Padmashree Sukri Bomma Gowda near Ankola

Date: 17th and 18th May 2025.

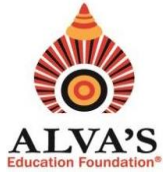

OBJECTIVES:

Cultural Exposure: To gain firsthand understanding of the unique traditions, lifestyle, and heritage of the Siddi tribal community. **Ethnographic Learning:** To study and document the socio-economic conditions, language, food habits, and livelihood practices of the Siddi people. **Promote Social Sensitization:** To foster empathy and awareness among students towards indigenous communities and their challenges.

Details: As part of its ongoing initiatives to promote environmental awareness and cultural understanding, the SRISHTI Club organized a field visit to the Siddi Tribe Forest Village in Kelase and the residence of renowned folk singer Padmashree Sukri Bomma Gowda near Ankola. This two-day immersive program, held on 17th and 18th May 2025, aimed to provide students with firsthand exposure to indigenous tribal life, sustainable forest practices, and the rich folk traditions of Karnataka. The club extends its heartfelt thanks to the Siddi community, Padmashree Sukri Bomma Gowda's family members and all who facilitated the visit.

Outcomes:

- Students developed a greater appreciation for nature and the ecological significance of forest ecosystems and siddi tribe tradition.
 - Visiting residence of **Padmashree Sukri Bomma Gowda**, an acclaimed folk singer and preserver of Halakki tribal traditions, inspired students to value folk arts, oral traditions, and the importance of preserving native languages and music.
 - Students recognized the urgent need to protect and promote intangible cultural heritage, and were motivated to contribute to such causes through future projects, awareness campaigns, or documentation.

Subject: Requesting Permission for Field Visit to **Siddi Tribe Forest Village and Residence of Padmashree Sukri Bomma Gowda**

Respected Sir,

With reference to the above subject, we kindly seek your permission to organize a two-day field visit for the members of the **SRISHTI Nature Club** to the **Siddi Tribe Forest Village, Kelase**, and the **residence of Padmashree Sukri Bomma Gowda near Ankola**. The proposed visit is scheduled for **17th and 18th May 2025 (Saturday and Sunday)**.

The primary objective of this visit is to expose students to the rich cultural heritage and sustainable lifestyle of indigenous communities. The interaction with the Siddi tribal community will help students understand forest-based livelihoods, while the visit to Padmashree Sukri Bomma Gowda residence will offer deep insights into the preservation of folk art and oral traditions.

We kindly request you to grant permission for this valuable field learning activity.

Thanking you,

SRISHTI Club Report(June2025)

"WORLD ENVIRONMENT DAY"

Venue: Moodbidri.

Date: 5/6/2025

OBJECTIVES: Is to engage students in ecological and environmental activities. Celebrating world environment day by planting trees not only beautifies the nature but also provides a conducive learning environment. The presence of trees promotes fresh air circulation and helps combat air pollution, especially near dumping yard area. While cities are getting hotter, trees can reduce urban temperatures. They provide habitat and food for animals.

DETAILS: Members of SRISHTI participated in "World Environment Day" celebration with the Forest dept. Moodbidri on 5.6.2025. It was supported by Dept. of forest Moodbidri. Total 40 student members of SRISHTI of AIET took part in this program at Govt Primary school Ontikatte, and Jyothinagara in moodbidri. The student members first transported tree samples to planting site from go down. Collected the thrash along the planting area and digged the hole at least twice as wide as the root ball of sample tree.

On this auspicious occasion the participants were made aware of the need of tree plantation to combat air pollution. Students were also informed about how to keep the nature clean. The Faculty coordinator of SRISHTI club Dr. Roshan Shetty and RFO graced the occasion.

OUTCOMES:

- Awareness among students community is created about environment.
- Around 25 tree samples are planted in both Govt Primary school Ontikatte, and Jyothinagara, Moodbidri.
- Great way to make new friends & build relationships with people who are about the environment.
- Trees provide food, protection, and homes for many birds and mammals.

Feedback

"The best friend on earth of man is the tree. When we use the tree respectfully and economically, we have one of the greatest resources on the earth. Happy to be a part of activity"

By: Monika L R 3rd year EC

"Trees are sanctuaries. Whoever knows how to speak to them, whoever knows how to listen to them, can learn the truth. They do not preach learning and precepts, they preach undeterred by particulars, the ancient law of life. Thank for SRISTI Club for providing such opportunity"

By: Monisha P, 3rd year ECE

"The ceremony started with induction. The program aimed to plant about 25 saplings in the kadalakere. The forestry coordinator guided students on how to sow seeds and plants. Teachers also participated in that event to help students".

By: Pavan Kumar. 3rd year CSE

"It was 9th July 2023; The AIET organized a program to plant 25 saplings and young trees with a unique idea. The objective of this event was to teach students, how we can save our climate from pollution. This was a great initiative to make our atmosphere neat and clean. By tree plantation, we can develop a climax ecosystem free of greenhouse gases to reduce global warming.

By: Abhiram. 3rd year CSE
